SUMMARY

Junior Frontend Developer with hands-on project experience since February 2024, including paid client work. I build web interfaces with React, Next.js, TypeScript, and REST APIs, and I manage state with Redux Toolkit and RTK Query. Paid work includes Great Shop, a clothing store on Next.js, and a landing page on Contentful. Those repositories are private and belong to the clients. I am currently building a driving-school CRM with a team. It is a pet project. Wearly Shop is a separate team pet project. Looking for a junior frontend role on a product team.

SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3
Frontend: React, Next.js, React Router, responsive layout, Tailwind CSS, Material UI, Ant Design
State and API: Redux Toolkit, RTK Query, Axios, REST API
CMS: Strapi, Contentful
Tools: Git, GitHub, Vite, Vercel, Feature-Sliced Design, Jira, ClickUp

COMMERCIAL WORK

Great Shop — clothing store | Paid client project | Feb 2026 – Sep 2026

Private repository. The code belongs to the client.

- Storefront: catalog, categories and brands, product cards, size and color selection, cart, and checkout.
- Registration, login, and a personal account. Ukrainian and English. Discounts, offers, and promo codes at checkout.
- Admin: products and variants, categories and brands, orders, users, store data, discounts, and promo codes with usage rules.
- Organized the codebase with Feature-Sliced Design. State and cache with Redux Toolkit and RTK Query.

Tech: Next.js, React, TypeScript, Redux Toolkit, RTK Query, Tailwind CSS

Frontend Developer | Landing page, paid client project

Private repository. The code belongs to the client.

- Built a landing page in React and rendered content published in Contentful.

Tech: React, Contentful

PROJECTS

Driving School CRM | Team pet project | Aug 2026 – Present

Team Challenge.

- **Role-based screens for students, administrators, theory teachers, and driving instructors.**
- **Dashboards, student records, schedules, practical-lesson booking, online theory, and tests.**
- **REST API through RTK Query. Layout for desktop, tablet, and mobile.**

Tech: React, TypeScript, Redux Toolkit, RTK Query, Ant Design

Wearly Shop — clothing store | Team pet project

https://onwearly.pp.ua/

Team Challenge. Separate from the paid client store Great Shop.

- **Storefront: catalog, categories and brands, product cards, size and color, cart, checkout, and a personal account. Ukrainian and English.**

- **Discounts, offers, and promo codes at checkout.**
- **Admin: products and variants, categories and brands, orders, users, store data, discounts, and promo codes.**

Tech: Next.js, React, TypeScript, Redux Toolkit Query, REST API

Coffeelane — coffee store | Frontend | May 2025 – Feb 2026
GitHub: https://github.com/KaterynaRostovtseva/Coffelane-e-commerce

- Catalog with category filters, cart with live totals, checkout, and user authentication.
- Admin area for products, orders, image upload, and editing item details.
- Responsive layout for mobile and desktop. Material UI. Production build with Vite.

Tech: React, Redux Toolkit, Material UI, REST API, Axios, Vite

Multiwork — team collaboration | Frontend | Jul 2024 – May 2025
GitHub: https://github.com/KaterynaRostovtseva/Multiwork

- Create projects, search people by skills, assemble a team, track project subscriptions.
- Content from Strapi. Authentication with form validation, protected routes in React Router, CRUD with Axios and Fetch.
- Responsive Material UI, modal forms, drag-and-drop tasks.

Tech: React, Redux Toolkit, Strapi, Material UI, React Router, Axios, React Beautiful DnD

Audio player | Frontend | Feb 2024 – Mar 2024
GitHub: https://github.com/KaterynaRostovtseva/music-player-react

- Playback controls, track search, and a visualizer synced to audio through the Web Audio API.
- Playlists with create, update, delete, and drag-and-drop reordering. Profile for avatar and credentials.

Tech: React, Redux Toolkit, Material UI, Web Audio API

EDUCATION

A-Level Ukraine — Frontend and Web Development course

LANGUAGES

Ukrainian — native
English — B1. I read technical documentation and write in English. Spoken English is in progress.
